Rusco Custom Canopies manufactures solutions for a wide range of commercial applications. These include:

Entry Canopy - entryway canopies for store fronts, storefront standing seam metal awnings, overhead supported aluminum canopies, front and exit door aluminum cover or canopy for covered entrance.

Dock Covers - loading dock cover or roof, dock bay canopy, warehouse door cover, loading area carport, bay door rain cover.

Other Applications - outdoor turnstile cover, outdoor break area shelter, staircase cover canopy, outdoor storage shelter, equipment covers or canopies, open metal roof, aluminum balcony cover, metal deck covers

Featuring the [SUPERDECK Extruded System](#) with [TrueFit Advantages](#)

See [Architectural Specifications](#) for details

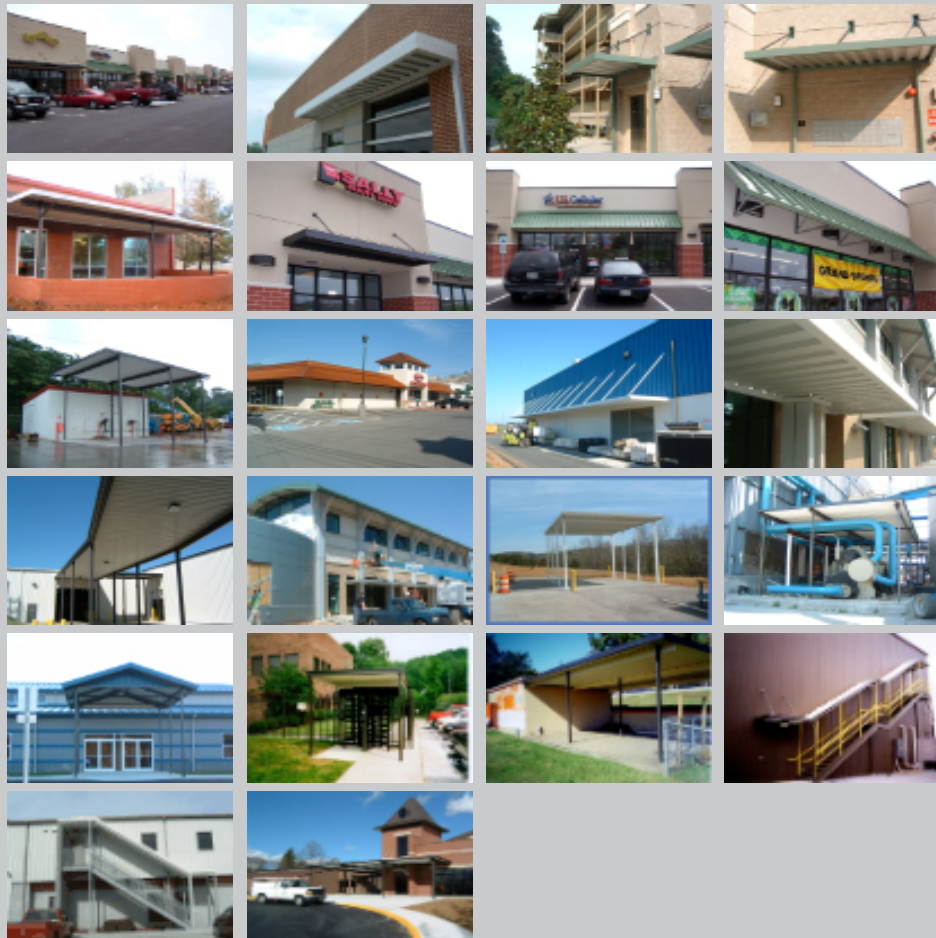

Aluminum canopies are functional, suitable for all weather conditions, and are an inexpensive way to improve a buildings architectural appearance. Our cover systems are used in retail shopping centers, warehouses, factories and wherever pedestrian shelter is needed.

Rusco features a system of extruded or roll formed aluminum roof supported by extruded aluminum beams and posts. The versatility of the material allows for clearance above transfer trucks and post spacing with large open areas to facilitate material transfer and storage. Loading dock canopies can be a low cost building addition which enhances material handling and even provides outdoor storage space.

Whether remodeling or planning for new construction Rusco canopy material can be used within your budget, choice of colors, and corrugated, flat, gabled, or standing seam style. These are features available to customize your entry and give it a distinctive appearance.

Aesthetics combined with Function at an Affordable cost.
